**The Second collection this week is for the  
Catholic University of America**

Since 1903, the Catholic University of America has been greatly blessed by the generosity of parishioners around the country through the National Collection. University faculty and scholars promote Catholic social teaching and, through their research and discourse, help for the Church's response to challenging social issues of our time. In addition, Catholic University educates hundreds of priests and religious each year and can proudly call more than 12,000 of them alumni.

Guided by the virtues, a spirit of generosity and above all a love for God, students grow in understanding and wisdom. The *people's endowment* is more than tuition assistance—it is a legacy, built upon 130 years of education in the Catholic intellectual tradition.

Br. Bud is holding another series of talks—this time on Eastern Religions.

**The Eastern Religions series will be on  
Hinduism, Buddhism, Confucianism and  
Taoism.**

**He will be using material from a book entitled  
"The World's Religions" by Huston Smith and  
published by Harper Collins. If you wish to  
purchase the book on line yourself, you may,  
but it is not necessary---Br. Bud will provide  
outlines for use in class.**

**The series will be on Fridays from  
7:00 p.m. to 8:30 p.m. on September 14, 21,  
28 and October 12 and 19.**

**There is a sign up sheet on the table just inside the  
entrance to the Ministry Center**

**or you can email Connie at [conniehauk@aol.com](mailto:conniehauk@aol.com).**

## Prayer for Patriots Day (Sept. 11)

Almighty God, the events of September 11th will be indelibly inscribed in our memories.

We looked with horror on the terrorist attack. But we looked with honor on acts of courage by ordinary people who sacrificed themselves to prevent further death and destruction.

We shed our tears in a common bond of grief for those we loved and lost.

We journeyed through a dark valley, but your light has led us to a place of hope. You have turned our grief into determination.

We are resolved to do what is good, and right, and just.

Help us to remember what it means to be Americans—a people endowed with abundant blessings.

Help us to cherish the freedoms we enjoy and inspire us to stand with courage, united as one nation in the midst of any adversity.

Lord, hear this prayer for our nation. Amen.

***Please save the date! On Sept. 15 at 11 a.m. here in the Ministry Center Chapel, our Architect will present the 50% Construction Drawings of our new church & rectory. All registered parishioners are invited —especially our Ministry Leaders and their active members together with our Parish Building Committee and Finance Council members.***

The significance of the 50% Construction Drawings or documents in the project development cannot be understated for the following reasons:

1. The 50% plan development milestone is when we will be soliciting, evaluating, and selecting a Construction Manager or CM (in layman's term a "building contractor") to become part of the team. The CM will be the construction company ultimately responsible for building and delivering the project for us. In order to solicit CM services, we will be preparing an RFPQ (Request for Proposal and Qualifications) for the potential CMs to respond to and will include the 50% plans and specs for them to prepare a preliminary budget, which will be used to establish the contract construction GMP (Guaranteed Maximum Price). We will be soliciting 3 or 4 prequalified construction managers to participate.
2. Selecting a CM and establishing a GMP at 50% project development is important because it will also provide 'CM/builder oversight' of the plans being finalized from 50% to 100% — which helps to maintain cost controls and helps avoid potential cost over runs, or other unpleasant "surprises".
3. Also, of importance is that selecting a CM and establishing a GMP at 50% project development will allow us to continue our discussions and negotiations with the insurance company. As you know, there have been differing opinions on what the replacement cost of the church and rectory is going to finally be, considering all the required site work.
